Foreword

I am pleased to welcome you to the second YMCA Fylde Coast impact report. In this snapshot of our impact you will realise that 2016/17 was a rewarding year. I hope you enjoy reading about our successes as much as we enjoyed working towards them.

I would like to congratulate and thank all of our board members, partners, staff and volunteers for their dedication and hard work. Each person has contributed to making a positive impact in our communities by fulfilling our mission and vision.

YMCA Fylde Coast

John Cronin

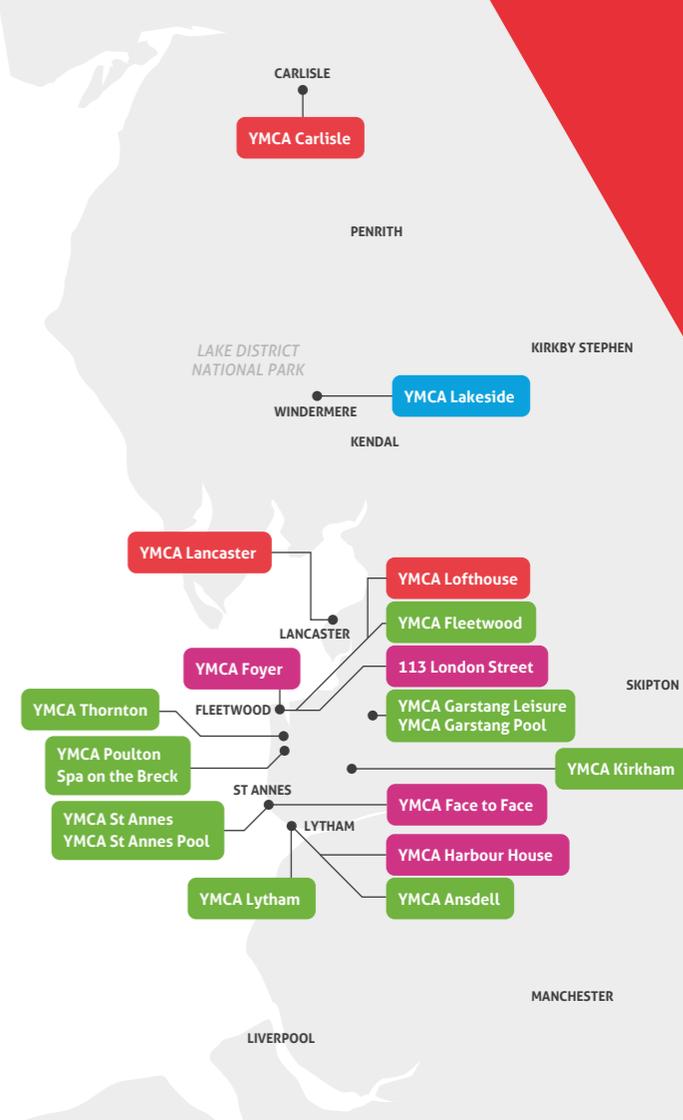

Why we do what we do

In 2016/17 at least 30,000 children, young people and adults benefitted from the support of the YMCA across Fylde, Wyre, Lancaster and Cumbria.

YMCA Fylde Coast is an independent charity forming part of the worldwide YMCA movement. Established in 1922, our charity has extended its scope over 95 years into; physical activity, housing, young people and outdoor education.

Our services are designed to support all sections of society, but in particular young people, with the intention of helping everyone to achieve their full physical, social, cultural and spiritual potential. Ultimately our aim is to serve the communities where we are based by changing and enhancing the lives of as many people as possible.

We seek to transform lives by providing inspirational journeys...

"The weight management programme has improved my health and well being because I have more energy, feel much healthier, can sustain activities for longer, breathing much better, look better, clothes fitting better, much happier, easily motivated to do things – "A sense of wellbeing"

OUR OUTDOOR EDUCATION PROGRAMME CHANGES LIVES BY...

- Improving education and employment skills
- Inspiring young people to aim high
- Increasing confidence, resilience and respect

We served **7631** children, young people and adults who attended **YMCA Lakeside, our Outdoor Education Centre.**

L's LAKESIDE EXPERIENCE

L was very anxious and worried about going on a residential to YMCA Lakeside with his school. At first he didn't want to go but the school reassured him that he wouldn't have to do anything that he didn't want to while he

was there.

When L went on the residential, his mum was expecting a call to come and pick him up but the call never came. On returning home with his class mates he surprised

his mum by being overjoyed about his experience. L's first words were "I could of stayed longer it was so much fun", he was so proud of himself.

Going to YMCA Lakeside gave L the confidence and

self-esteem he needed, his attitude changed towards life's daily challenges and he has tried lots of new things... L said to anyone who was worried about going to 'just do it, you will have fun and surprise yourself, I did'.

We could change 10,000 young lives per year with the new School Facility...

The highest strategic priority at YMCA Lakeside in 2016/17 was raising £6.8 million to build a School Facility, the funds were required to ensure the project could commence building in 2017/18. The project was able to secure the future of YMCA Lakeside through the development of a robust business model and fundraising strategy. In 2016/17, the project raised £6.3 million through a mixed funding model and approached the final stages of fundraising. The development of the public 'Changing Young Lives' fundraising appeal is to raise the remaining £500,000 to begin building the facility by early 2018.
